### 'Transversality' at Galerie BSL

30 January – 28 March '13

Paris

Dedicated this year to the Middle East, the 'Transversality' exhibition is showing works edited by Galerie BSL alongside pieces by invited designers and producers.

The exhibition includes: the new TESSERA SERIES by Marc Baroud for Carwan gallery (Lebanon), the new AUCTION table and the PALM line by Emirati Khalid Shafar (Dubai), aluminium lighting pieces by Cyrille Najjar (Lebanon), luxury vessel collections by interior accessory brand Gaia&Gino (Turkey) designed notably by David Adjaye, 'Designer of the Year 2011' in Design Miami and the precious Loupe collection by Lebanese architect Dina Kamal.

The exhibition is a way 'to offer a cross-talk with other players on the design scene, by presenting an exhibition made of multiple voices, but thought as one world.'

-Béatrice Saint-Laurent
