CAMEL TABLE

NINE JULY, TWO THOUSAND AND FOURTEEN

Recommended today are the intriguing side tables from the OCTA range by Mr. KHALID SHAFAR, the Emirati designer of furniture. KHALID loves to use traditional materials from the United Arab Emirates for his contemporary designs. The CAMEL LEATHER STRAPS on these marble tables aren't just decorative. As well as recalling the accoutrements of luxury luggage so beloved of visitors to DUBAI, they mean that several tables can be fastened together in all sorts of nifty constellations.
