

Oasis Magazine

فات من عصري سنين وسنين ... شفت
كثير و قليل عاشقين

اللى بيبتسكى حاله خاله ... واللى بيبتسكى
على مواله

أهل الحب صحيح مساكين

ياما احب نده على قلبى ... ما ردتى قلبى
جواب

ياما الشوق حاول يحالبنى
والقول له روح يا عذاب

KASA

KASA is home to the KHALID SHAFAR brand – a space where all the KHALID SHAFAR designs are permanently on display.

“The name KASA arises from the Italian word casa, meaning home, which has been reinterpreted to resonate with the sound of the KHALID SHAFAR brand,” says Khalid.

KASA is in the heart of the old Ras Al Khor industrial district of Dubai. KASA has been specifically established here with the vision of transforming this area into Dubai’s new Design District, much as its sister area of Al Qouz became Dubai’s newest Art District.

KASA, opened in late 2012, reflects founder Khalid Shafar’s ambition that it be the reference point or touchstone for UAE design. KASA will showcase original Emirati objects – all designed and made in the UAE. The space will offer designers, collectors and researchers, both national and international, a unique perspective of the aesthetics of UAE design, while shedding light on the influences of local crafts upon it.

KASA will host the entire KHALID SHAFAR yearly collection. Guests can have private viewings with the designer by appointment.
